TECHNICAL PROJECTS (LIVE DEPLOYMENTS)

બોટાદ સાયબર રક્ષક | Botad Cyber Rakshak AI (DDO Botad) Live Demo: cyber-rakshak-pifx5c5bk-steller3.vercel.app

- Engineered a localized, AI-powered cybersecurity awareness and citizen assistance web platform in Gujarati and English tailored for public governance (DDO Botad initiative).
- Integrated conversational AI and prompt-engineered workflows to guide citizens on cyber fraud prevention, real-time threat identification, and emergency reporting procedures.

JanRaksha ID — Emergency Identity & Family Reunification Live Demo: janraksha-id-demo.vercel.app

- Architected and deployed a rapid-response emergency identity verification and family reunification system designed for crisis scenarios and public safety operations.
- Built responsive, mobile-first workflows on Vercel enabling instant emergency profile lookup, critical medical/contact access, and streamlined citizen-responder coordination.

KhojSetu | Bridging Lost & Found Live Demo: khojsetu-n6mzvrgvl-steller3.vercel.app

- Developed a community-driven lost-and-found platform connecting citizens to report, search, and recover missing belongings and individuals through structured digital listings.
- Designed an intuitive search, filtering, and status-tracking interface with cloud deployment on Vercel for high availability and rapid cross-device access.

VIRTUAL EXPERIENCE & INDUSTRY SIMULATIONS

Deloitte — Cyber Security Job Simulation (Issued via Forage) August 2026

- Completed practical enterprise tasks in cybersecurity analysis, threat assessment, and security operations (Enrolment Verification Code: 6a8c0d83e62e344f1f47d849).

TECHNICAL SKILLS & CORE COMPETENCIES

AI & Generative AI:	Agentic AI Architectures, Large Language Models (LLMs), Prompt Engineering, Image Generation Models, AI Fact-Checking & Bias Mitigation
Software & Web Dev:	Full-Stack Web Development, Low-Level Design (LLD) of Payment Systems, RESTful APIs, Responsive UI/UX, Git, GitHub, Vercel Cloud Deployment
Security & Domains:	Cybersecurity Operations, Civic-Tech & E-Governance Applications, Data Science & Machine Learning Foundations

CERTIFICATIONS, WORKSHOPS & LEADERSHIP

Certification / Credential	Issuing Organization & Verification	Date
Agentic AI Certified Foundations Associate	Oracle University (ID: 103568242AAI26OFA | Valid to Oct 2028)	**Oct 2026**
Foundations of Prompt Engineering	AWS Training & Certification	**Nov 2026**
AI Fundamentals: Foundations for Understanding AI	IBM SkillsBuild (**credly.com/go/M1KwZUPe**)	**Nov 2026**
Introduction to Large Language Models (LLMs)	Google Cloud & Simplilearn SkillUp (Code: 10717386)	**Sep 2026**
Introduction to Image Generation	Google Cloud & Simplilearn SkillUp (Code: 10705691)	**Sep 2026**
Low-Level Design of Payment Apps Masterclass	Scaler Masterclass	**Sep 2026**
Data Science vs. ML vs. AI Masterclass	Scaler Masterclass	**Sep 2026**
Critical Thinking in the AI Era	HP LIFE / HP Foundation (ID: 47d7e097-4308-40b7-bbde-5f8da8113945)	**Aug 2026**
Viksit Bharat Young Leaders Dialogue (VBYLD) 2027	Ministry of Youth Affairs & Sports (MYBharat)	**Sep 2026**

EDUCATION

B.Tech in Computer Science & Engineering (Artificial Intelligence & Machine Learning) **Expected Graduation: 2030**

Gyanmanjari Innovative University, Bhavnagar, Gujarat
